

# Chroma Universal Lights

LED lighting that fits virtually all PAR56 niches

- **Highly adaptable fittings**

Chroma's ingenious fixing claws make it the ideal retro fit LED conversion for difficult to identify niches.

- **Simple installation**

Attaches to niche in seconds. Typical installation takes minutes rather than hours.

- **Superior design**

Manufactured in Europe, Chroma features "Power LED" technology. More powerful and brighter than LED lights that utilise conventional mini-LED technology.

# Eolia Lights

## Premium quality lighting solutions

Thanks to latest innovations the new Eolia version offers a luminous intensity increased by two with the same power consumption! Even the lifespan has been improved with a new heat sink and the use of latest LED technology.

- **Standard bulb with two-points connection on the back**
- **36W in RGB+W, 1150lm**
- **The two connections on the back makes installation simple, compared to 4/6-wires systems**
- **Can be used with BRIO remote synchronisation kits**
- **Ideal for multiple installations**

## The BRIO RC + Bluetooth Synchronisation Panel

The new generation of BRIO RC allows a simpler and more intuitive control of the LED lights installed in the pool. With this new system, the user can control the lighting with either the key buttons on the panel, or the remote control but also from your phone using the specific Bluetooth App.

- **Range up to 50m**
- **Power supply of projectors up to 100W (up to 3 lights)**
- **11 fixed colours and 8 light sequences**
- **Dedicated Bluetooth application**
